EDUCATION

AA in Full Stack Web Development Santa Rosa Junior College, Santa Rosa, CA [2022]

- The 19-unit Web Full-Stack Developer Certificate of Achievement or AS Degree provides a course of study that prepares students to work on client and server-side web and mobile development. This pathway leads to opportunities for a career in web and mobile development. The Web Full-Stack Developer certificate focuses on the core front-end web and mobile technologies of HTML, CSS, and JavaScript as well as server-side development using the PHP and JavaScript languages together with SQL and NoSQL databases.

Full Stack Bootcamp Coding Graduate UC Berkeley Extension, [2023]

- A 24 Week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, MySQL, MongoDB, Matrial UI, Express.js, Node.js, Handlebars.js, and React.js.

Diploma in Electrical Engineering Balaju School of Engineering, Nepal [2007]

- A 3 Year skill-enabling engineering programme that students can pursue after completing class 10. The course deals with installation, maintenance, troubleshooting, magnetism, control systems, signal processing and telecommunications.
